To requesting parties,

I am writing to provide proof of my income. I am self-employed and derive my income from my involvement with a Decentralized Autonomous Organization (DAO) called GreenWitchDAO. The DAO operates on blockchain technology, managing its financial operations through smart contracts, which automate income distribution similar to dividends.

Explanation of Income Source

As a self-employed individual, my role within the DAO involves A.I. architecting and full scale development for the DAO. My earnings are distributed directly from the DAO in cryptocurrency (e.g., Ethereum, DOT).

Income Details

Below are the details of my earnings from the DAO over the past year:

- Dispersion Frequency: **Monthly**
- Average Amount Received: **\$3,060 at \$102** every 24 hours (annual earnings **\$37,230**)
- Transaction Details: **Direct wallet funding**

Verification of Income

Due to the nature of a DAO, there is no customer service line or human representative to verify income. Verification can be done through the DAO's algorithm output, recorded on the blockchain. This provides an immutable and transparent record of all transactions.
